

Smart Diflufenican

Smart Diflufenican has a guaranteed particle size of less than 1 micron.

OUR GUARANTEE TO YOU

Crop Smart guarantees our products will work in accordance with the claim on the label - simple.

All our products are manufactured to stringent standards using only the highest grade raw materials to comply with all Australian government regulations.

Carrying a 100% guarantee, Crop Smart products developed in our formulation plant in Melbourne are used by thousands of farmers Australia wide.

KEY BENEFITS

- ✓ Formulated in Australia for superior performance by finely milling the Diflufenican active.
- ✓ Generic Diflufenicans are not milled to the same standards and many will contain a higher percentage of larger diflufenican particles. Smart Diflufenican is milled to a median size of less than 1 Micron. This superior formulation will allow a rapid uptake by the plant and help fight resistance.
- ✓ Perfect Pre-emergent or Post-emergent in Peas, Lentils and Lupins.
- ✓ 500g/L Diflufenican formulation.
