NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS

Smart Accel Spray Adjuvant is a highly penetrating spray adjuvant suitable for use with certain post emergent herbicides. It improves herbicide performance by utilising the excellent penetration effect of esterified vegetable oils in combination with the wetting and spreading characteristics of non-ionic surfactants.

Smart Accel Spray Adjuvant can be added to certain post emergent herbicides to increase efficiency. In some situations Smart Accel Spray Adjuvant may reduce selectivity. Care must be exercised when applying Smart Accel Spray Adjuvant with post emergent herbicides on sensitive crops under conditions where plants are subject to drought stress, high temperatures, and high humidity. If in doubt use precaution and trial by application to a small area before committing to a large scale application.

PRECAUTION
Read all directions for use on the Smart Accel Spray Adjuvant label and on the herbicide label. The herbicide manufacturer’s directions and recommendations always take precedence over the directions contained on the label.

MIXING AND SPRAYING
Follow directions on the herbicide label. Half fill the spray tank with water and add the required amount of herbicide while agitating. Top up the tank with water then add the required then add the required amount of Smart Accel Spray Adjuvant and continue agitating while spraying.

PROTECTION OF WILDLIFE, FISH CRUSTACEANS AND ENVIRONMENT
DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

STORAGE AND DISPOSAL
Keep out of Reach of Children.
Store in the closed, original container in a cool, well-ventilated area. Protect from frost. Do not store for prolonged periods in direct sunlight. Under conditions below 0°C Smart Accel Spray Adjuvant may thicken and become cloudy. It returns to a clear normal state above 0°C.
Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean container to recycler or designated collection point.
If not recycling, break, crush or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.
For 1000L containers - Empty contents fully into application equipment. Close all valves and return to point of supply for refill or storage.

SAFETY DIRECTIONS
May irritate the eyes and skin. Avoid contact with eyes and skin. Avoid inhaling vapour or spray mist. When opening the container and preparing the spray, wear overalls, rubber gloves, and goggles and disposable spray shield. After each days use wash contaminated clothing, gloves and face shield or goggles with soap and water.
FIRST AID
If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia: 131126. If in eyes, hold eyes open and flush with water and see a doctor.

MATERIAL SAFETY DATA SHEET
Additional information is listed in the Material Safety Data Sheet, which is available from the supplier.

CONDITION OF SALE
Crop Smart Australia Limited ("Crop Smart") shall not be liable for any loss, injury, damage or death whether consequential or otherwise whatsoever, or howsoever arising through negligence or otherwise in connection with the sale, supply, use or application of this product. The supply of this product is on the express conditions that the purchaser does not rely on Crop Smart's skill or judgement in purchasing or using the same and every person dealing with this product does so at his own risk absolutely.
