Surfactant Trials

When developing Crop Smart's Smart Loaded 540 extensive surfactant trials were conducted. The UV trial image above demonstrates the difference between five surfactants in both coverage and droplet sizes. For maximum glyphosate efficacy, an even spread of larger sized droplets is ideal.

OUR PROMISE TO YOU

Keeping our prices low: by selling directly to you the farmer, we are able to maintain our low prices without compromising on quality.

Quality: we don't rely on promises from other suppliers. We make it. We know it. We guarantee it.

100% Australian owned and operated: we understand your farming conditions and formulate all our products to help you achieve your goals and become more profitable.
