

# Crop Smart

PRESENTS

## NEW HERBICIDES, RESISTANCE + HARVEST WEED SEED CONTROL **DR JOHN BROSTER**

Wednesday March 10 | From 5:30pm  
**Yarrowonga Mulwala Cricket Club**

John manages the Herbicide Resistance Testing Service at Charles Sturt University, and will be bringing some new research within an engaging presentation on;

- New pre-emergent herbicides; where do they fit into your farming system and how we can manage them for longevity
- Current herbicide resistance in the region
- New research on harvest weed seed control; stripper front impacts, collection and microclimates
- Glyphosate performance
- Plus more!

The Crop Smart team invite you to join them for an informative presentation, dinner and drinks.

All those interested are welcome to attend.

For catering purposes please RSVP to:

**Haydyn Kennedy - 0401 447 731**

**We hope to see you there!**
